

# Project Report Template

## 1) INTRODUCTION

### ➤ Overview

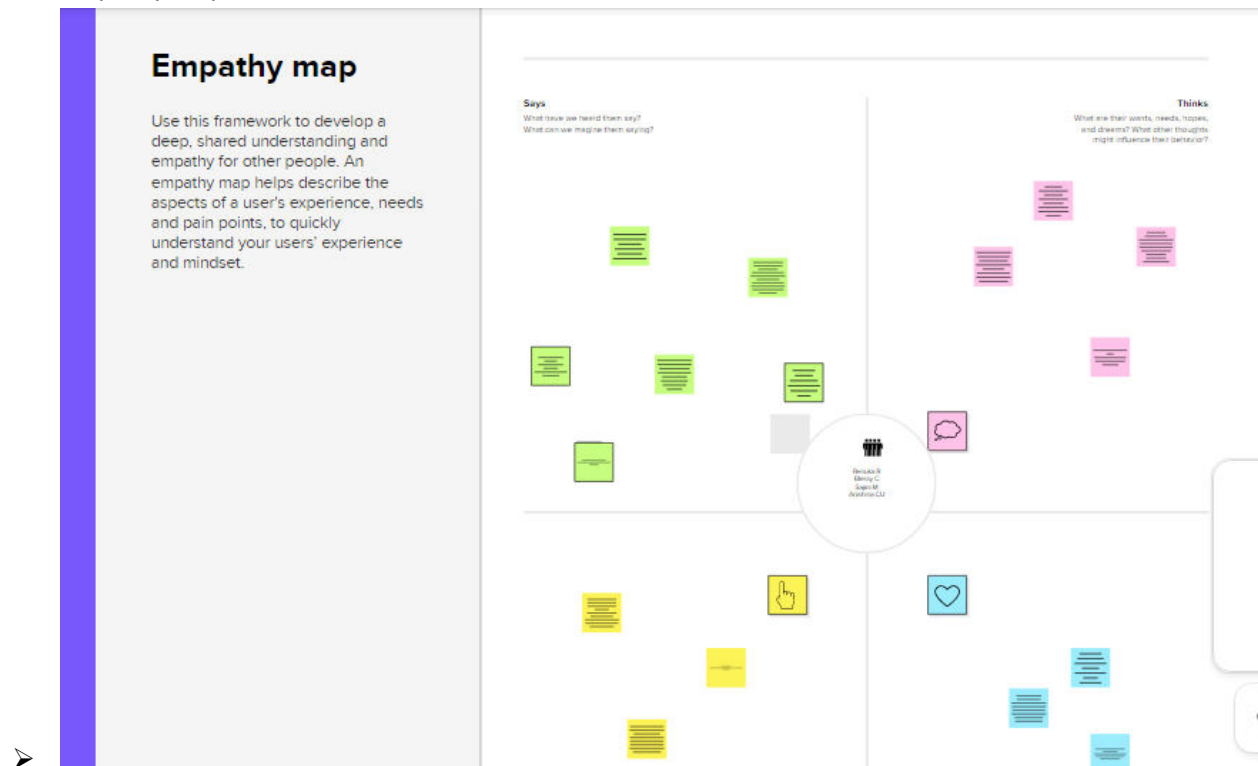

Economic freedom is the fundamental right of every human to control his or her own labor and property. In an economically free society, individuals are free to work, produce, consume, and invest in any way they please. In economically free societies, governments allow labor, capital, and goods to move freely, and refrain from coercion or constraint of liberty beyond the extent necessary to protect and maintain liberty itself.

### ➤ Purpose

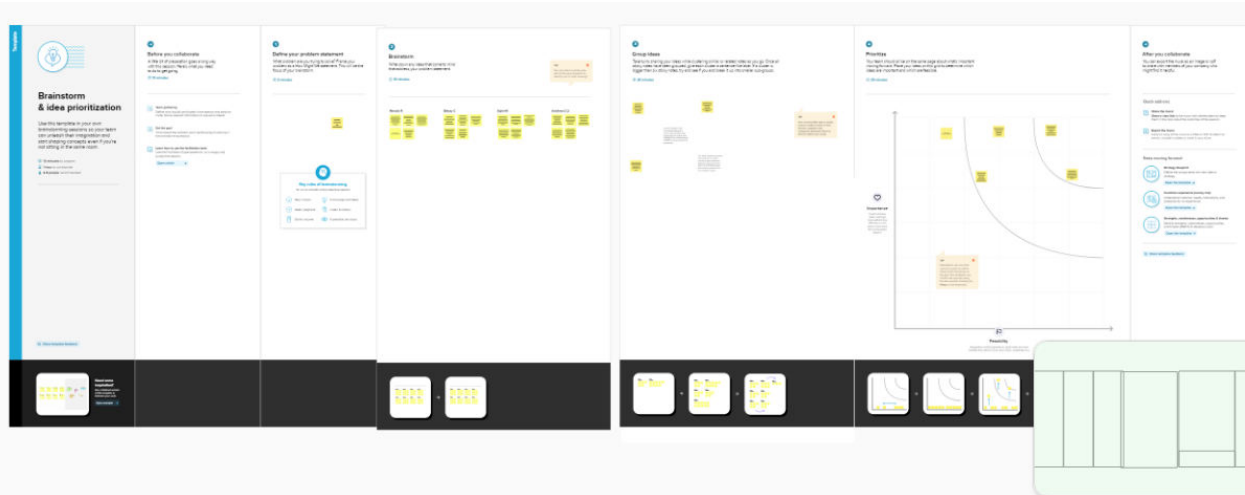

An index of economic freedom compares the jurisdictions against each other for various aspects ,such as trade freedom ,judicial effectiveness ,and tax burden.

## 1. Problem Definition & Design Thinking

### ➤ Empathy map

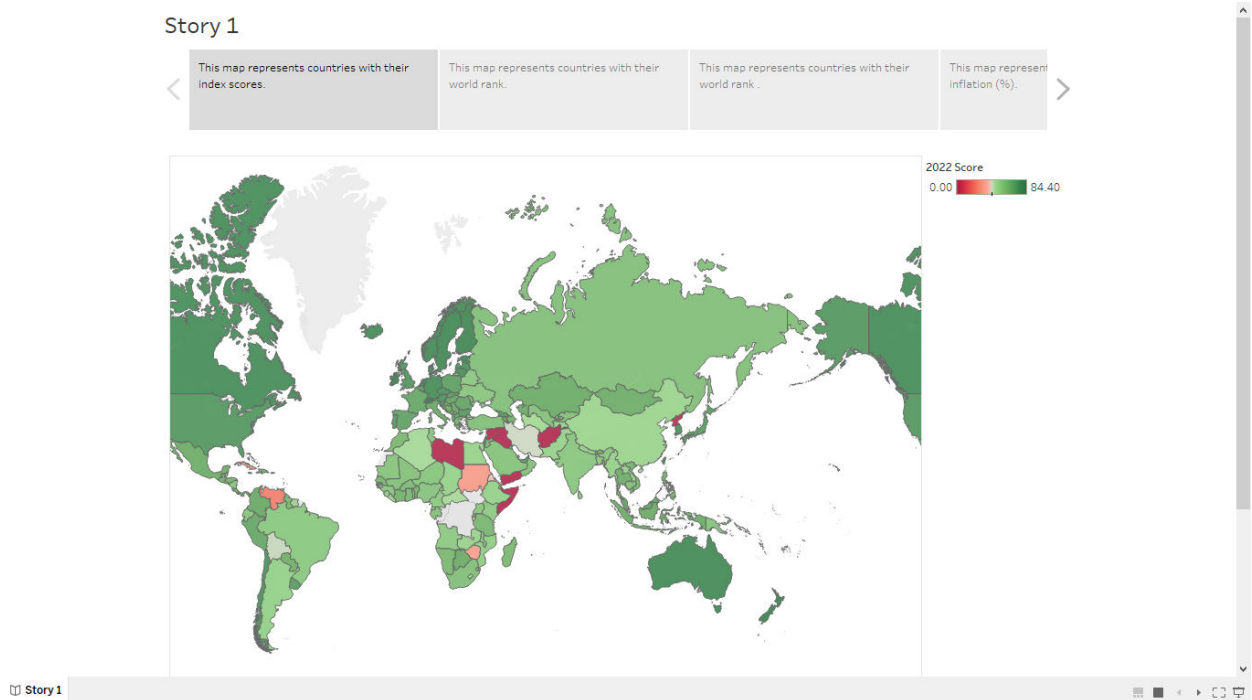

## 2. Brainstorm

## Result

- This map represents countries with their index sources
- 
- This map represents countries with their world rank
- 
- This map represents countries with their inflation(%)
- 
- This map represents countries with their region &2022 score
- 
- This map represents countries with their 2022 score &population
- 
- This map represents countries with their 2022 score &5 yr GDPgrowth rate
- 
- This map represents countries with their inflation and world rank
- 
- This map represents countries with their unemployment
- 
- This map represents countries with their GDPper capita (ppp)
- 
- This map represents countries with their GDP growth rate &world rank
-

### 3. Applications

An index of economic freedom compares the jurisdictions against each other for various aspects ,such as trade freedom ,judicial effectiveness ,and tax burden .

### 4. Advantage &disadvantage

ADVANTAGE :

- Investors can use the index of economic freedom as a faster way to observe the changes in economics .Using the economic freedom index ,users can discover innovative ways to use the index in science ,public policy ,enterprise ,and advocacy .

DISADVANTAGE :

- Poor Quality . Since profit maximization is the biggest motivation for firms , they may try to reduce their costs unethically .....
- Merit Goods . Goods and services that are not profitable will not be produced or run .....
- Excessive Power of Firms .....
- Unemployment and Inequality.....

### 5. Conclusion

- First we start login the smartintenz bridge
- Next we create the empathy map and brainstorm

- Next we follow the explanation video and install the tableau app and mysql workbench
- We create the dashboard visualization and story
- HTML and publish the tableau dashboard and story .

## 6. Future Scope

- The primary economic goals include full employment ,economic growth, and enhanced efficiency
- Efficiency –the govt should be efficient
- Equity-ensuring the equal distribution of resources
- Full employment –the govt should ensure it provides equal job opportunities to its citizens
- Stability-ensure the economy is stable by controlling inflation
- Economic growth –the govt should focus on growing the country's GDP
